MORNING MEETING ACTION ITEM

TO: Legislative Counsel

Maury briefed on favorable attendee reaction to the 26 November breakfast-briefing of congressmen. He commented that a number of persons who had been invited but were unable to attend would welcome a similar breakfast session in the near future. After some discussion Maury noted that he and the Executive Director are of the opinion that a future breakfast session might best be organized in order to permit the Director to brief during breakfast and then depart, with the Executive Director continuing the session with his material on community and Agency organization. Maury went on to note that there may be no requirement to impose upon the time of all Deputies for such briefings and expressed the view that the Executive Committee Meeting could be convened at 0900 as usual. The Director concurred in such a format and asked Maury to proceed with making arrangements for another breakfast session sometime before 19 December or shortly after the first of the year. Maury noted the attendees' particular appreciation of information on the role of PFIAB, the 303 Committee, and the review of our program on the Hill.
